### **METROPOLITAN THEATRES ENHANCES ASPEN'S ISIS THEATRE WINE & BAR MENU**

**Los Angeles, CA – June 27, 2014** – Metropolitan Theatres Corporation's Vice President of Operations Timothy Spain announced an enhanced beer and wine menu for the Isis Theatre in Aspen, Colorado. New wines will be featured and reasonably priced from William Hill, Hess Select, Trivento and Erath Estate. Additionally, the Isis will offer an expanded Craft Beer Selection including Aspen's own: (ABC) Aspen Brewing Company's Independence Pass IPA. Additional brews include Mendocino Red Tail Ale and Avery Stout and White Rascal.

ABC's owner, Duncan Clauss: "I am thrilled to have our Independence Pass IPA chosen as the Isis Theatres' first featured beer of the month. We hope it will give more craft beer lovers a chance to try our beers, and hopefully visit our store".

Isis Theatre General Manager, Ryan Folse: "Many of our guests have inquired about an improved selection of wines and craft beers; I think they will be very pleased with our upgraded offerings, and also about the value. We have a tremendous selection, all at very reasonable prices."

Spain states the expanded menu is only the beginning, with future improvements planned such as a downstairs wine bar and taproom and added complimentary food offerings.

**About Metropolitan Theatres Corporation** -- Metropolitan Theatres is a privately held fourth generation family company that was founded in 1923.

Metropolitan operates 17 theatre locations totaling 86 screens in California, Colorado, Idaho, Utah, and British Columbia.
