The Company has not been idle during the shutdown, offering curbside movie treats for several weeks and working towards various health & safety procedures in line with state and local guidelines. We want guests to feel safe and comfortable with their movie experience at Paragon."* said James Herd, Chief Operating Officer of Paragon Theaters.

All high contact areas, including kiosks, door handles, faucets, countertops, will be cleaned and disinfected every thirty minutes. Each work area will have timers to ensure consistent and regular cleaning. Automated hand sanitizer stations have also been placed strategically throughout each facility. Masks will be required in all common areas, though guests may remove their masks while within the auditoriums to enjoy their food and beverages.

All auditorium capacities have been reduced, and Paragon has implemented checkerboard style staggered seating. Paragon features all-electric recliners with footrests and has grouped seats in pairs, providing even greater social distancing, while in the auditorium.

Advanced tickets are now on sale for "Unhinged" starring Russell Crowe with the first shows starting this Friday, August 21<sup>st</sup>.
